

# Style for Hire

Sell your home faster and for more with  
the styling edge from Living Edge Rental

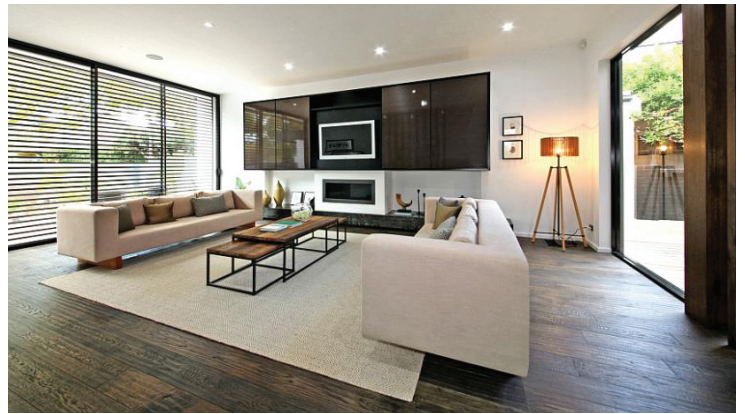

## Stylish presentation through *experience and service.*

At Living Edge Rental, we can help you create the perfect co-ordinated look to make your home more impressive, more luxurious and more valuable. You can bring your own stylist, or talk to one of our experiences, in-house stylists. Either way, you can choose from our extensive range of homewares, furniture and decorator pieces, in both contemporary and traditional styles, which will truly enhance the ambience of your home. And everything is available at competitively priced, short-term rental rates.

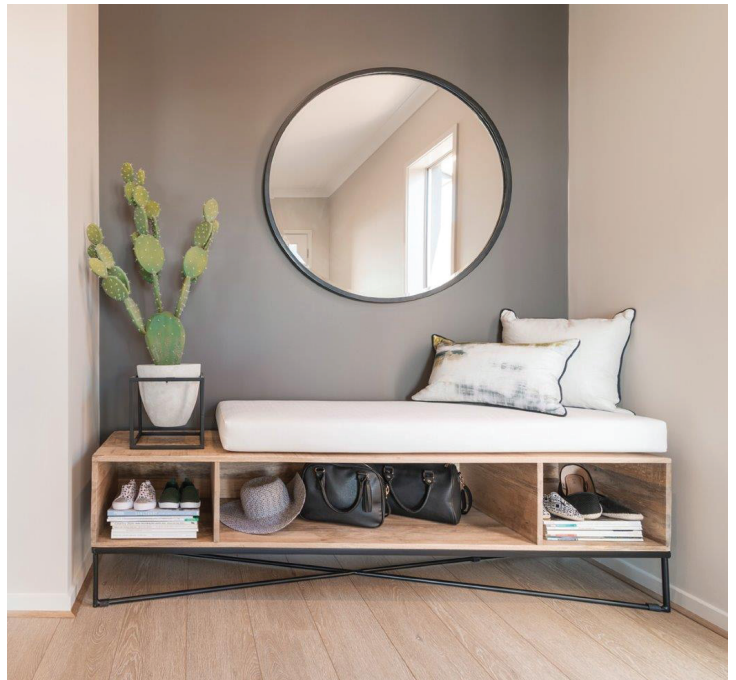

## *Maximise* your sale price

When you're selling your home, you need an edge that will make it stand out from the rest. An edge that will be irresistible to potential buyers. An edge that will sell your home faster and for a higher price. That edge is style, and you can hire it now from Living Edge Rental.

Just sit back and relax while our stylists transform your home. Whether it's simply augmenting your existing decor with designer finishing touches, or a total redecoration - including coordinated furniture, rugs, lamps, linen, wall hangings, dinnerware and accessories - there's a Living Edge rental package to suit. And they're all designed with one thing in mind; to secure a faster sale at a higher sale price.

We'll come to your home to discuss ideas and options and provide a quote. Or you can visit our showrooms in Melbourne and Sydney to see and experience the stylish furniture we offer. Either way, our friendly designers are happy to assist. So call us today.
